Re: Bill No. Z-74-12-20
From "B4" to "M1"
Southwest corner of Burma Rd. & Goshen Rd.

Gentlemen:

This letter is in regards to the conditions proposed by the City Plan Commission for the above mentioned bill and property and as set forth in the letter dated January 29, 1975. At the City Plan Commission meeting on September 22, 1975 some of the conditions stated in this letter are no longer applicable.

1. The required dedication of additional right-of-way along the entire length of Burma Road frontage will not be required. It was determined that traffic is to be de-emphasized with no new entrance to be constructed on Burma Road.
2. The present right-of-way on Goshen Road is 45' from centerline of road to our property line. Should future street improvements be constructed, The Huguenard Corporation would hereby dedicate up to an additional 10' of right-of-way for construction purposes of the new improvement along the Goshen Road.
3. A variance to permit a drive way onto Goshen Road along the south property line is to be permitted.
4. The Huguenard Corporation hereby agrees that all on-site storage will be enclosed.
5. We shall construct a 7' opaque fence along a portion of the south property line for a distance of approximately 350' for protection of the two homes on Scotswolde Drive. An enclosed opaque fence will be constructed around three sides of the proposed new office and shop to be occupied by our company. At any time in the future should we decide to build a structure on the remaining property that would be objectionable to the residents on Tierney Drive, we would construct a 7' opaque fence along the west property line.

Very truly yours,
HUGUENARD CORPORATION

Subject: Goshen Road--Burma Road Rezoning

We have been requested to review the street layout and future traffic flow for the area located above. We note there is a request before you for rezoning by the Huguenard Corporation.

We have personally inspected the area and note the residential development on Burma and Tierney Drive is scattered and average to below average housing.

In considering alternatives, we anticipate changes in land use and intensified development in the future. With these changes will come increased traffic flows. Basically, we see two alternatives in developing an overall street plan for this area.

1. Approve a new major entrance along the southerly edge of the Huguenard property (as proposed by Huguenard Corporation) with the required decel and accel lanes on Goshen Road. This new entrance would become a public road and the major access for future industrial development to the south and west. In conjunction with this approval, it should be stipulated there will be no access from the Huguenard property or any other commercially developed property onto Burma or Tierney Drive. In effect, we are holding a status quo on this road as residential only and de-emphasizing its use in the future.

If, in the future, property along Burma Road is rezoned, it would then be necessary the access onto Goshen be closed and all traffic routed south on Tierney to the new entrance constructed in the Huguenard property.

2. Require Huguenard Corporation to utilize Tierney and Burma Road as a major access, including relocation of the intersection of Goshen and Burma to form a 90° intersection (this would require new right-of-way from the property north of Burma and west of Goshen).

In summary, we feel two major access points with heavy use at a location of less than 400 feet apart will constitute a serious traffic hazard. Therefore, one of the two alternatives above must be chosen.

AN EQUAL OPPORTUNITY EMPLOYER

THE CITY OF FORT WAYNE

We have discussed this with Mr. Huguenard, and he supports alternative #1. We have no objection, providing the commission is cognizant of the conditions regarding future use of Burma and Tierney Drive.

Sincerely,

Kenneth N. Traylor, P.E.
